Two Boys Saved After 24 Hours On Rough Lake Tahoe

After spending 24 hours on Lake Tahoe in a small rowboat with but one oar, two 12 year old boys, hungry, cold and exhausted, were reunited with their parents Monday at noon following a harrowing experience and a frantic search for scores of people.

The two boys, Nikola Berry Frankovich, son of Mr. and Mrs. Joe N. Frankovich of Lake Forest, and Gregory Brook Rolfson, son of Mr. and Mrs. Glen R. Rolfson of Reno, were missed early Sunday afternoon and an extensive search was organized with two helicopters from Stead Air Force Base, the Placer County sheriff's department, the Jeep patrol and scores of North Tahoe citizens.

The search started in the wooded area of Antone Meadows and the Highlands Sunday night after the boys were reported missing.

Later the search turned to the lake when it was learned two boys had been seen earlier in a small craft.

Monday the boy said they found the rowboat near Lake Forest while playing and launced it from the beach. Not long after, the boat was caught in a squall and one of the oars was lost and the boat blown away from the shore.

During the day and throughout the night, heavy rain lashed down on the youngsters and they recalled being caught in five storms during the time they were adrift.

About 11:30 a. m. Monday, one of the helicopters sighted the boys and radioed the U. S. Coast Guard which went to the rescue. The pilot said he was unable to get close to the boat for fear the prop might swamp it.

The Rolfsons Sunday had driven to Lake Forest to visit the Frankovich family and the boys had gone outdoors to play.

SUNBEAMS

By WALTER M. BARRETT

The Sierra Sun and Truckee Republican newspaper and printing plant moved during the last weekend to West Truckee in the Gateway Shopping Center, continuing, despite handicaps to give uninterrupted service.

Because of the continued patronage and cooperation over the period of 26 years from our Truckee, Lake Tahoe and Donner friends and customers, the Sierra Sun business office and printing plant has been forced to make the move to larger quarters.

We hope to improve on the high level service which we have tried to maintain through the years, during which we have consistently promoted and actively supported this region in all of the progressive changes now bearing fruit throughout the area. The Sierra Sun has a continuous printed record registered of the many and vast improvements and solving of problems with which this newspaper has kept pace.

Last but not least our paper, has been chronicling the births, marriages, deaths and every day happenings of four generations of local families during this period and will continue to have close contact with our friends during the years to come.

TPUD Proposal To Obtain Power Is Given New Delay

WASHINGTON — What constitutes the boundaries of the Sacramento Valley is blocking, temporarily at least, of the delivery of Central Valleys Project electricity to the Truckee Public Utility District.

The contract between the federal government and the Pacific Gas and Electric Company for wheeling CVP energy over the compay transmission lines requires deliveries to the public agencies within the Sacramento and San Joaquin Valleys and Solano, Contra Costa, Alameda, Santa Clara and Trinity Counties.

Assistant Secretary of the Interior John A. Carver says this restriction excludes Truckee.

But he states the bureau of reclamation has asked the PGE to extend the wheeling area to include delivery from any point on the system.

If the company agrees Carver states, the most logical method of service to Truckee would be by wheeling over the PGE's system to the vicinity of Norden.

Carver, in a letter to Congressman Harold T. Johnson of the second valley-mountain, district who is pressing for power delivery to the district, said if Truckee gets CVP power it is reasonable to expect its present power costs of 13 mills would be considerably less.

He also said the bureau's regional office in Sacramento is studying the physical and economic feasibility of construction either by the bureau or the district of public lines which would eliminate the necessity of wheeling.

Congressman Johnson maintains it is logical to assume that the Sacramento Valley includes everything on the western slope of the Sierra Nevada.

He states he feels sure the Truckee district would be willing to build a line beyond the Sierra crest to tap into the PGE system.

Pointing out that the PGE has lines in the vicinity of and delivers power to the Sierra Pacific Company, Norden, Johnson wrote Carver:

"I would presume that some of the power which is being delivered to Sierra Pacific is Central Valleys Project power because it is comingled with that power which is developed by PGE itself."

Fire Razes Home In Kings Beach

KINGS BEACH — A spectacular fire Tuesday last week destroyed a two-story frame house on Salmon Street near Chipmunk Street in Kings Beach. The unoccupied building was owned by Ed and Kay Campbell of Reno.

The North Tahoe Fire Protection District received a call that the home was ablaze at about 7:35 a. m. The fire was under control at about 8:30 a. m., according to Fire Chief Joe Fulton.

Loss from the fire, which also burned a speed boat owned by Bud English, Kings Beach, former occupant of the home, was estimated at about $15,000, Fulton stated. English was in the process of moving from the house, which he vacated Monday night.

The house was "fully involved" when firemen arrived and "all we could do was contain it and protect the six nearby homes."

Two companies of firemen, including 15 men and six pieces of equipment, responded to the call. The firemen worked until about 10 a. m. on "mop up" operations.

The North Tahoe Fire Protection District "Firebelles" provided the firemen with a meal at the Kings Beach fire station after the fire.

The committee in charge announces that there will be coffee and cold soft drinks served during the day. Anyone desiring further information may contact the secretary, George O. House Numbering Law Is Drawn Up

A draft of an ordinance that will establish a county house numbering system in Placer County was presented to the board of supervisors by the county planning director, Justin F. Barber.

Citing the growth of various portions of the county and the need of individuals, public utility companies, fire and other emergency services to pin point locations of property quickly and accurately, Barber said the new ordinance will provide a system adequate for the county needs.

According to the planning director the new system would be put into operation in the Tahoe area first when adopted by the board of supervisors.

Local volunteer groups in the Tahoe area have offered to do most of the field and office work required in the change over to the new system in the Tahoe area.

The Placer County Property Numbering System will consist of a map or maps that show where number start and how they will run in each portion of the county.

Other provisions in the new ordinance include:

1. Designation of street, road, avenue, way drive or lanes as part of a street name to indicate direction. Under this system "street" would indicate a street that runs generally from north to south. "Avenue" would indicate a street running in an east to west direction.

2. The law would require assigned numbers to be displayed on the property.

3. It will not affect present legal description of property by lot and block numbers or by metes and bounds.

4. It may be used within cities in the county upon adoption by the city.

The new system would become effective in the Tahoe area immediately upon adoption by the board of supervisors.

The county planning commission has been requested by the board to study detail of the numbering system for the Tahoe area and to report their finding to the supervisors.

BEQUETTE FAVORED BY ADMINISTRATORS

The Placer County Administrators Association, meeting last week at Rainbow, has strongly endorsed Al Bequette as Placer County Superintendent of Schools and Wallace W. Hall for state superintendent of public instruction.

Both Bequette and Hall will be seeking election in next Tuesday's primary election. Both were endorsed unanimously at the administrators session. High school and college administrators in the county had previously endorsed Bequette, a veteran of 16 years in the county superintendent's post. Dr. Hall is also experienced in the state superintendent's office, where veteran incumbent Roy Simpson is now retiring.

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN CALIFORNIA, the San Francisco Stock Exchange Board was founded, and opened to frenzied trading in the Virginia City mining stocks. Whether stocks went up or down, California's financiers knew that, for sparkling refreshment, beer was a good investment.

For then as now, beer was the traditional beverage of moderation. But beer means more than enjoyment to our state. The Brewing Industry pays more than 12 million dollars in taxes to the State of California each year, money that helps support our hospitals, schools and parks.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

DIVOT-DIGGERS

By BETTY KIELHOFER

Lots of fun was had by those attending the Hospital Auxiliary's 'Sierra Spree' at the North Shore last Friday—there was a terrific variety of wonderful food. It looked as though there were at least 500 eating at intervals and it went off like clockwork. When the orchestra took a break, we were entertained with informal song-fests led by Jim Licklider and his popular guitar.

I understand that even the gambling receipts went to the auxiliary so I'm sure their coffer is bulging—by the way, did you ever hear Jim play the 'Twist'?

Last week I hinted that a benefit game for the Truckee Mountaineers would be one way to raise money for a ball diamond . . . I asked Jackie Jensen on Sunday if he would be willing to play on the 'old timers team and he said, "sure, as long as it's softball." So-o, now all we have to do is call 'Bud' Beasley in Reno to see if he'll play, round up all the ex-mountaineers and we're off.

Something else very gratifying happened at the Sierra Spree party Friday eve — Jerry Lewis approached me with a wonderful offer in answer to my request in last week's column for a ball diamond. He stated that we could 'be his guest' and use the old high school football field as a diamond on a temporary basis. By temporary, he means perhaps five or six years. I think this would be an ideal location and it could be put in shape for a minimum of money as it already has grass and water there to keep it green. We could get one giant work party together and in one day, we'd be in business.

The ball players are looking over the situation this week and will make their decision soon. Jerry said he would be willing to sign something to assure them he's serious and help them select a site for a sign on Highway 89. If you haven't been in there relently, you're in for a surprise.

Instead of the old cow trail winding through the property, there is now a nice, widened, improved road leading directly to the field.

I'm really enthused about this and want to publicly thank Jerry for his kind offer . . . this is community spirit. He only made one stipulation . . . he wants to play on the 'old timers' team . . . youre on, Jerry.

Now there's only one thing left. If they vote to use it, we must see that nice Tom Dolley and that nice Jack Houlgate and a few others look over the site and tell us what must be done. If we get both of them interested, I'm sure the project will go ahead. In this location, the team could sell food and beer and make a little money. I'll 'clue' you next week on the outcome.

DONNER DOINGS

By VIRGINIA O'BEAR

Well, I went fishing like I said I would but this year I seem to be one of those lucky people who always let them get away. I'm still determined though so I'll keep going whenever I get a chance. Everyone else is doing fine and getting their limits so I know fishing is good. The lake was planted with catchable trout a few weeks ago, so I was told. By now they have had a chance to get nice and firm being in that cold water.

* * *

Last week I gave you a run down on whats going on at the west end with our business people. This week we'll try and cover the rest of Donner Lake. Starting where I left off at the west, I want all you youngsters to know that the Richards have their horses back now. The Verdi's moved this past week from their Donner Shore Resort over to Metcalfe's Pink Piers Motel as Carol's brother and family, the Jack Marquettes are taking over their former motel. Robert Jamieson has been busy the past week getting ready to open the Donner beach again which is such a pleasure to visit as its always so clean and sanitary. Down the highway towards Truckee we find the Robert Jangs opening up the Donner Market again and I understand there will be a little gift shop at one end of the building being operated by someone from San Francisco. Haven't found out who they are yet. All the motel owners have spruced up their places for the summer and Harry Weiler is coming right along with his new motel venture. Rufus Fields was out raking and cleaning in front of his place Saturday and I hear that Sadie is doing better now after her hospital stay for a few days. Rex Reid is as busy as a bird dog supplying the permanent and summer residents with materials to fix up their homes since the weather is getting better. Across the way, I've heard that the Donner Lake School of Dancing at the Pankokes is going great guns. Martha says when that school bus stops there every Thursday she is ready to "run for the hills." Estra Trotter comes over from Reno every Thursday to teach the Truckee Donner small fry. On down the way I noticed a new place of business called King Cole's Chalet.

TAHOE FIRE GROUP WILL MEET ON TUES.

TAHOE CITY — Martin Spitsen, president of the Tahoe City Fire Protection District, has announced that a public hearing on fire protection business matters will be held on Tuesday, June 5, at the Tahoe City Fire House.

Of special interest at the hearing will be testibony and discussion relating to possible ordinances pertaining to water mains and fire hydrants regulations, especially in relationship to new subdivisions within the T.C.F.P.D. boundaries.

The public is invited to attend this hearing. Further particulars may be obtained by phoning Fire Chief Al Henry.

CANDIDATES SPEAK AT TAHOE SESSION

TAHOE CITY — Several candidates, including Dr. Max Rafferty, for state superintendent of schools, Fred Nagel, for congressman, Maurine Dobbas, for county clerk and Ray Taylor for the state assembly, were speakers at a meeting of the North Tahoe Republican Assembly held Monday at Tahoe Inn.

Voters were urged to contact JU 3-3567 in the Tahoe City area and LI 6-3842 in the Kings Beach community for transportation to the polls or for baby sitters while voting through the courtesy of the assembly.

TODAY LAST TO MAKE PHONE BOOK CHANGE

Time is growing short to make changes or additions in the new 1962 telephone directory, Pacific Telephone Manager J. C. Domergue reminded local residents.

Today is the last day that changes in the alphabetical listings of the new directory can be made.

Those wanting to change their present listing in any way, or to add separate listings for children or others living in their home, should contact their Pacific Telephone business office, Domergue said.

The new directory will include Tahoe City, Brockway, Truckee and South Tahoe. It is scheduled for delivery late next month.

Donner Doings

(Continued From Page 8)

This is a new place built by local workers and adds beauty to Donner Lake. McReynolds Sporting Goods is raring to go again this summer with everything the sportsmen desires so stop in and see them and tell them all about the big fish you catch. Mrs. McReynolds reports fishing results once a week to some newspaper in the bay area so let's keep her posted. Everyone is getting ready for the delayed summer and warm weather os if I missed anyone . . . it wasn't deliberate. Oh yes, come out to our place and go for a Power Cat boat ride . . . you'll love it. After that, if you're hungry, go to Donner Lake Coffee Shop, the food is wonderful, there, too.

* * *

Last Thursday evening the Auxiliary of the Donner Lake Volunteer Fire Department met at Donlast and really enjoyed the charcoal steak dinner prepared by Fran. The tables were decorated with little sun bonnets and small garden tools and put many of us in the mood to work in our yards. Hostesses were Nancy Brodie, Laura Horman and Jerie Bonano. Many things were discussed, most important being the annual barbecue totake place Regatta time. Barbecue and dance July 7 and Regatta the 8th this year. The next meeting will be at Soda Springs Lodge on June 21, hostesses being Martha Pankoke and Mildred Johnson. At that time, a representative from the telephone company will instruct everyone on the new long distance dial system which will start soon.

* * *

The Donner firemen met at the firehouse Sunday for a regular meeting and to check out equipment. Last week some of the firemen were kept busy when the huge produce truck crashed and also when the P.I.E. tanker turned over spilling 5,000 gallons of gasoline near our 6,000 foot level. They had to stand by in case of fire until a relief truck came from Reno. These fellows have been real busy.

* * *

Most children came home from school this week waving notices with whoops of joy stating that school will be out June 13. Many have plans for the summer such as the swimming program again at Squaw Valley. I think this program is wonderful especially living in this area where it is essential to know how to swim. Any mothers with free time should contact Sue Stone or Pat Vind as they will need all of the help they can get.

* * *

Don't forget to go to the polls and vote June 5. Your polling place at Donner Lake has been moved next door from Swanson's Realty to Donner Lake Utility office. You can't miss it, besides you'll see Ivan Tofft around I'm sure, probably standing in the doorway as he is the only gentleman among seven of us women working on the election board. There is Ozella Slate, Anita Allison, Jerie Bonano, Laura Horman, Charlotte Harris, Bess Reid and myself so I bet we give Ivan a bad time.

* * *

Guess what? Our lovable cat Blackie, Jr., (we thought she was a boy) gave birth to three darling kittens a few weeks ago. Jennifer found them under the front steps Saturday all curled up on our huge beach umbrella we had stored there. We have homes for two of them already but there is one left if any of you are in the market for a kitten. (It's free, just come and get it).

* * *

Because of business and personal reasons, this will be my last week to bring you Donner Doings. I will send little stories to the Sierra Sun now and then and cover publicity for the Donner Lake Regatta. I have enjoyed doing this column and giving Donner Lake "our place in the Sun," the past few years. We are still represented at Donner Lake and I know all of you will look forward to Donner Doings each week under the capable and witty doings of Martha Pankoke. Good luck, Martha, I hope you enjoy doing the column as much as I did and I'm sure everyone will cooperate and give you plenty to write about. Have a good summer, everyone.

CHURCH DINNER TO BE HELD ON JUNE 5

The Sierra Bible Chapel announces the first dinner meeting of the CBMC of Sierra-Nevada on June 5 at Mahieson's Hall, 790 Sutro St. in Reno. The dinner will be $2.50 and members of the church have tickets available for any who would like to attend. This first social evening is called Ladies' Night.

The speaker for the evening will be George D. Armerding, west coast manager for Majonnier Bros. Co., manufacturers of food processing equipment and member of CBMC since 1944. Armerding is a former chairman of San Francisco committee for three years and a past international director of CBMC. He is a world traveler, author and lecturer. The agenda also offers a fine supporting program of music and fellowship. It is hoped that many businessmen from all denominations will take and active interest in this fine new organization.

At the last planning meeting the men were encouraged by a recorded tape from Governor Mark Hatfield who is active in CBMC.

FASHION SHOW WILL FEATURE CLUB MEET

TAHOE CITY—A fashion show, directed by Jean and John Palmer of the Riviera Shops, will be a highlight of the luncheon meeting of the Tahoe City Women's Club to be held at the North Shore Club on Thursday, June 7. Also to be held at the meeting will be installation of officers for the coming year.

Models for the fashion show will be Jean Callender, Sylvia Cross, Kathy Snyder, Dell Tilton, Vivian Davis, Rosemary Lindsey and Myrtle Carnell. Acting as commentator will be Maggie Stollery.

Reservations may be made by phoning Program Chairman Eunice Henrikson at JUniper 3-3972 before June 7.

PLACER FILES SUIT TO COLLECT TAXES

AUBURN — The Placer County district attorney's office yesterday filed suit against the Squaw Valley improvement Corp., in an effort to recover $63,612.54 in unpaid taxes.

District Attorney Al Broyer said the concession firm owed the taxes on its possessory interests in state-owned land and improvements at Squaw Valley Park, plus it own furnishings, equipment and improvements.

MOBILE X-RAY WILL BE AT TAHOE IN JULY

TAHOE CITY—Mrs. Marie Henry, director of the Placer County Health and Tuberculosis Association, announced that the mobile x-ray unit will be in Tahoe City on Tuesday, July 3.

The unit will be located at the Safeway Shopping Center between 10 a. m. and 1 p. m. and between 4 and 7 p. m. All boys and girls under the age of 15 who plan to baby sit or work around food are required to have chest x-rays, but must be accompanied by their parents in taking the examination.

Mr. and Mrs. A. J. Ketman of Menlo Park have made their annual move to Carnelian Bay where they are preparing for a busy summer season.

(Continued From Page 1)

placed. C. W. Kydd is the local Texaco agent.

Some $50 damage was caused at Ora Walker's Standard Station when a soft drink dispenser was broken open and undetermined amount of change taken.

At the Denney Logging Company mill, the thieves entered the planing mill and removed two front tires and wheels from a Jeep station wagon.

Twenty-four cases of beer were stolen from the Nevada City Ice Company on River Street where a door was forced open. The loot was valued at $84.50, according to the manager, Charles Barda.

One of the thieves apparently cut himself entering the Denney Logging Company office as blood spots were found on the office floor where a leather jacket was taken.

Cash and tools stolen from the Truckee Tahoe Lumber Company, valued at $140 were reported. Entrance there was gained by breaking a window in the storage room.

Dave Medford's Big Canyon Pack Station experienced the biggest single loss of the series of burglaries when $454.50 worth of saddles, bridles and other equipment was stolen. Entrance to the stable was gained by breaking the hinges from the door.

Investigation of the Union and Richfield distributing plants is continuing, Sergeant Roy Waters of the sheriff's department reported.

DADDY'S HOME!

WE'RE SO GLAD YOU'RE HOME, DADDY!

SO AM I - I'M OUT OF IT!

TELL YOUR MOTHER TO HOLD DINNER. I WANT TO TAKE A LITTLE NAP FIRST.

BUT YOU CAN'T DO THAT, DADDY?

WHO SAYS I CAN'T?

MOM SAYS WE HAVE TO EAT EARLY TONIGHT -

WHAT ARE YOU TALKING ABOUT?

TONIGHT'S THE BIG P.T.A. MEETING.

NOT FOR ME! I WORKED VERY HARD TODAY. I THOUGHT I'D NEVER GET DONE.

DINKY'S DADDY'S A FIREMAN, AND HE'S NEVER AS TIRED AS YOU ARE.

AND ROCKY'S DAD'S A POLICEMAN. HE WALKS ALL DAY AND HE'S ***NEVER*** TIRED.

WHAT DO **YOU** DO AT **YOUR** OFFICE, DADDY?

NOTHING! ABSOLUTELY ***NOTHING!***

THEN HOW DO YOU KNOW WHEN YOU'RE ***THROUGH***?
